ABOUT US

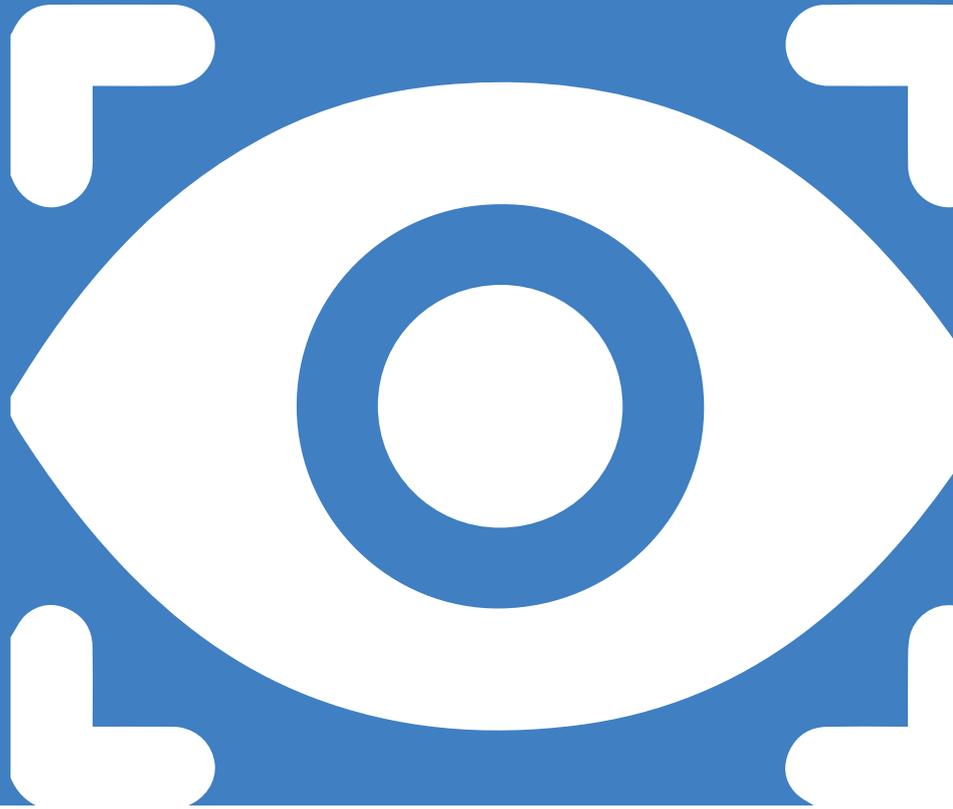

OUR STORY

ANNAN CAPITAL PARTNERS

Annan Capital Partners (ACP) is an African-focused Independent, Boutique Investment & Advisory House.

In addition to commodity trading and making own-balance sheet investments in our core-growth industries, we offer holistic advisory services on family office, investment banking, fund raising, impact investment and venture building, Our wide range of clients include family offices, impact funds, entrepreneurs, SMEs, global corporations and governments.

Over the past decade, we have been involved in bridging the gap between investment and investment opportunities in Africa and beyond.

FAMILY OFFICE ADVISORY

Annan Capital Partners assists and advises global & African Family Offices on investment management and investment opportunities across the African continent.

We have offices in key global financial centres as well as across Africa. Our services include setting up appropriate investment structures in appropriate jurisdiction, allowing Family Offices to identify, manage and invest in diversified portfolios designed to achieve their goals.

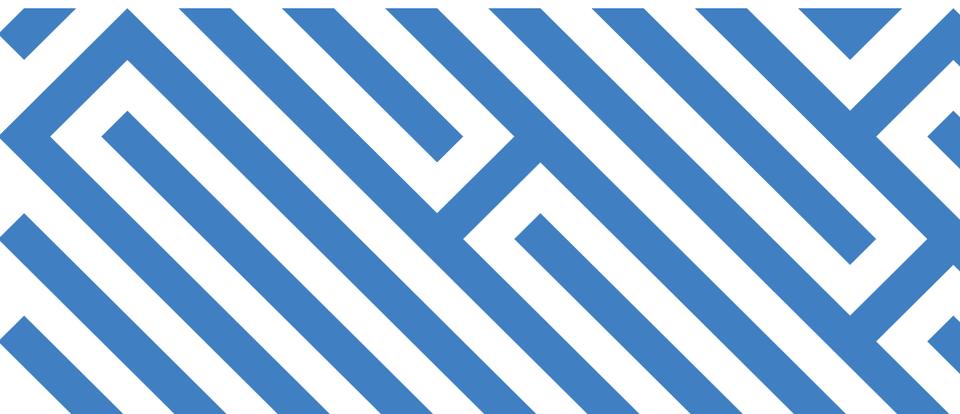

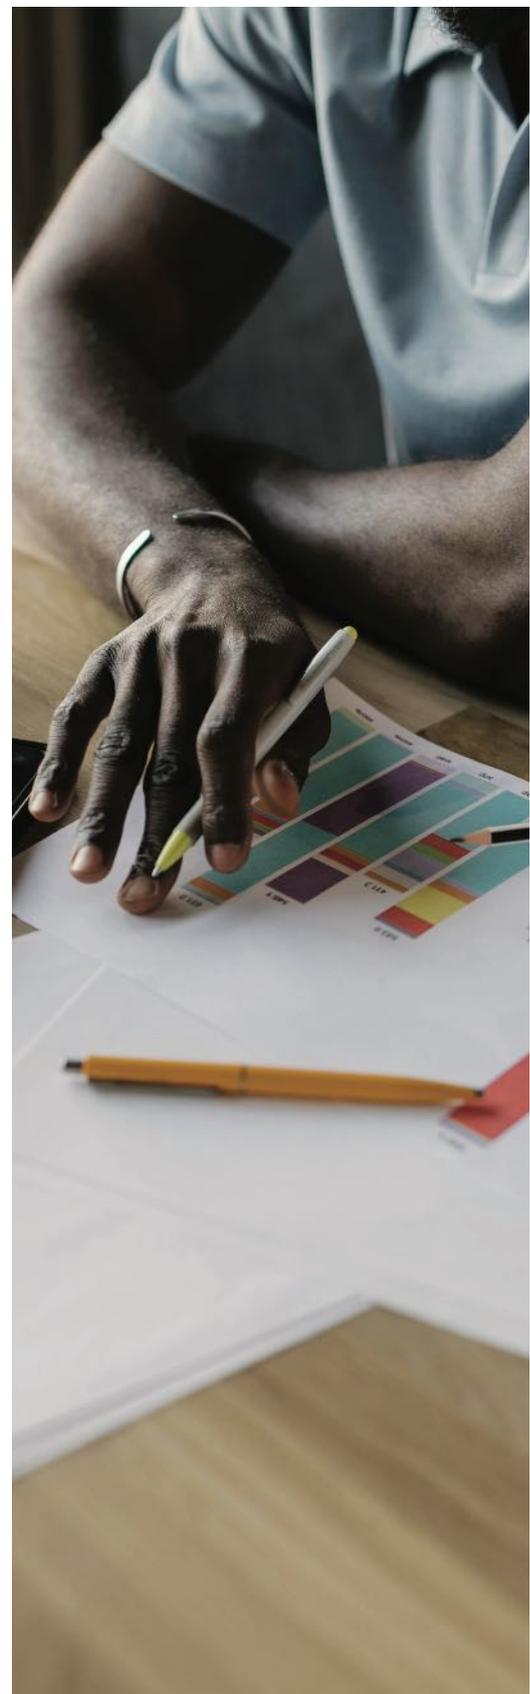

INVESTMENT BANKING ADVISORY

Annan Capital Partners specialises in aligning investors with projects, opportunities and government agencies to stimulate economic, social and political growth.

ACP provides significant experience and expertise in brokering and managing relationships with CEOs, heads of state, high level government officials, private sector executives, United Nations entities as well as other international bodies.

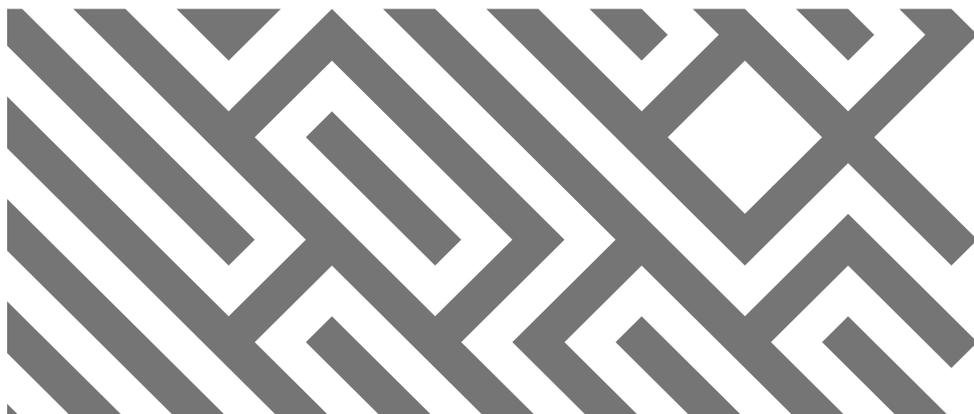

FUNDRAISING

We have built a track record identifying impact investment opportunities and sustainable projects in emerging and developing markets across the continent and connecting them to investors both locally and internationally.

Leveraging our wealth of experience, vast network and extensive portfolio of investments, ACP will guide you towards the investable companies or sustainable projects in emerging and developing markets across the continent taking into consideration the three Ps - people, planet & profit.

We are uniquely positioned to support individuals, families, businesses, foundations, government agencies among others to raise funds for their social, political and economic projects. Our services are tailored specifically to the needs of each case with the aim of achieving the aim of achieving the desired social and environmental goals.

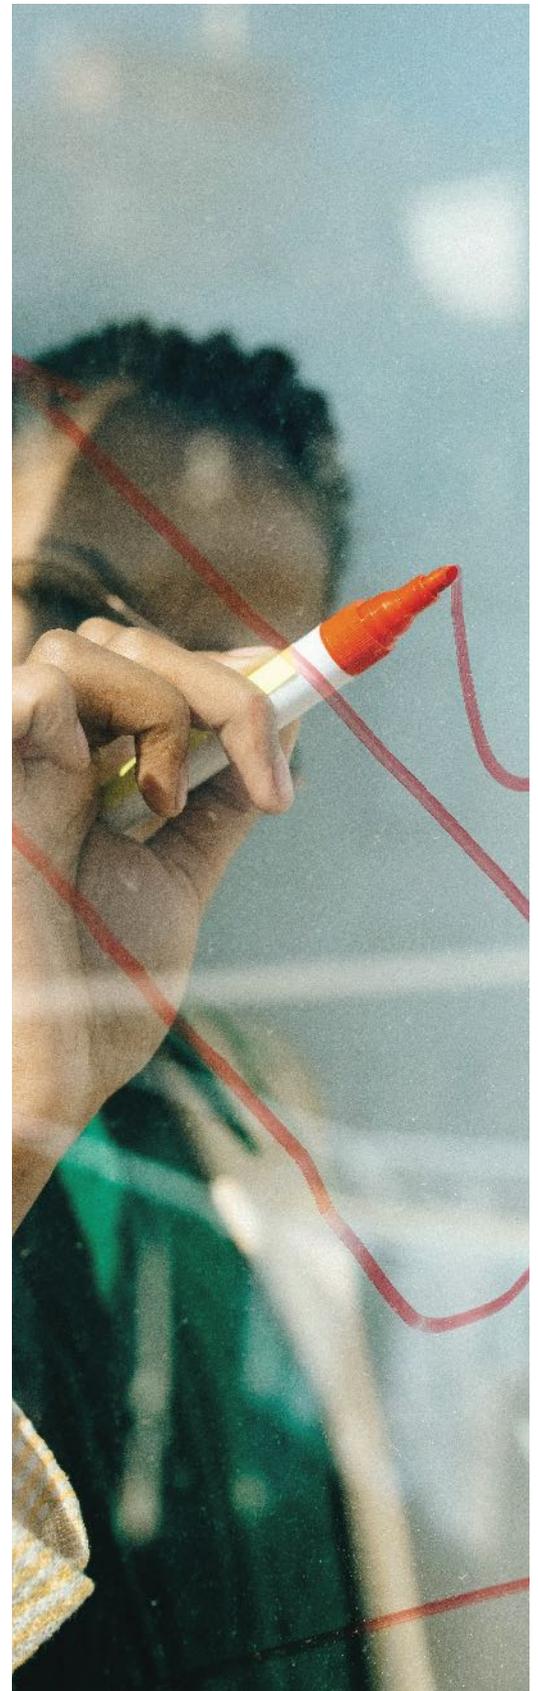

IMPACT INVESTMENT

Over the years, Annan Capital Partners has been highly involved in several impact investment projects in Africa in collaboration with global funds that focus on emerging markets.

We focus on core growth industries including agribusiness, sustainable luxury, technology, renewable energy, housing, healthcare and education. Through our experience in the impact investing sector, we help our clients make informed decisions on impact investments and projects that are likely to yield appreciable returns while creating relevant social and environmental impact.

We collaborate with a wide range of investors and other stakeholders to maximize the financial and non-financial returns of our clients' investments. We help our clients develop focused investment strategies to deploy their capital with impact. Our services include one-off transaction advisory, ongoing impact investment advisory and fund structuring.

OWN-BALANCE SHEET INVESTMENTS

ACP will consider investments on its own balance sheet where the underlying sector and business fit with its mission and purpose.

ACP actively works with the management of its investee companies, using its sector experience, skills and expertise to provide long-term strategic and sustainable input.

These investments are made with a long-term view, providing ACP and its fellow shareholders the ability to participate in the underlying growth of the business.

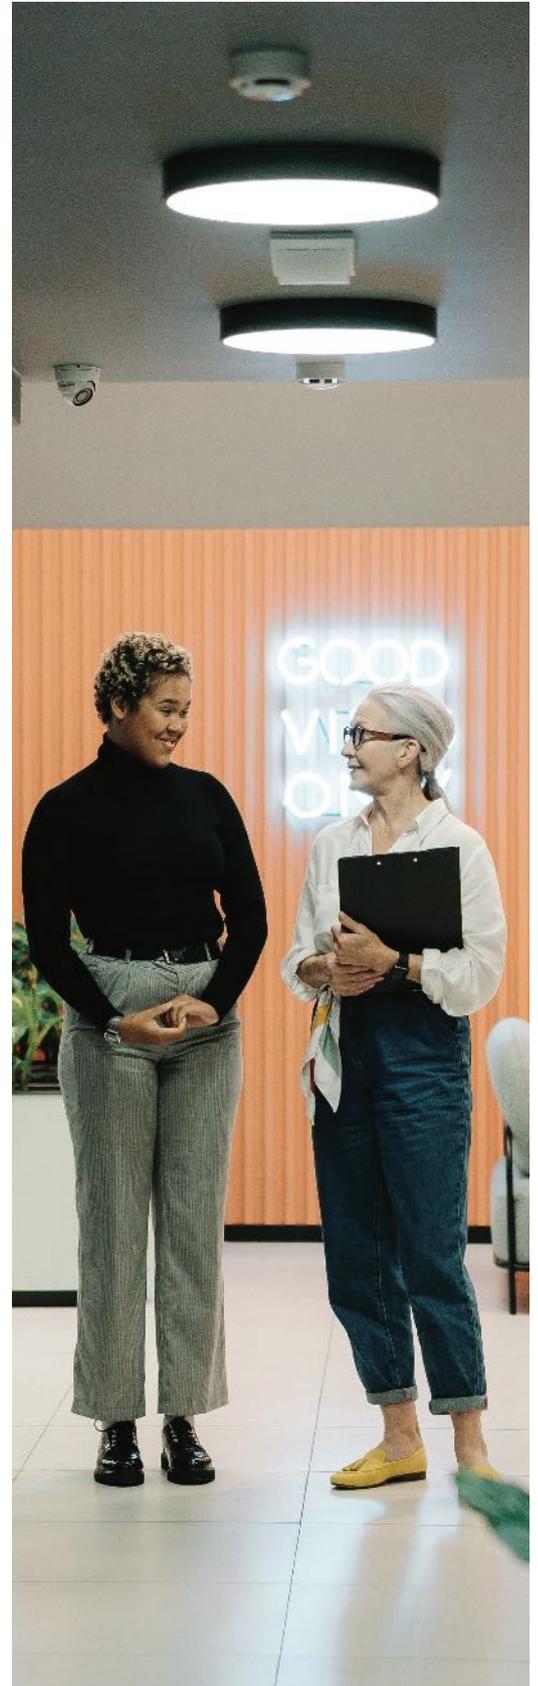

VENTURE BUILDING

As part of the Annan Capital Group, IFFAC Ventures nurtures and develops the African creative and cultural industry by providing technical and financial support to transform businesses in this sector into sustainable enterprises.

Through our one-of-a-kind venture building and incubation platform, young entrepreneurs from Ghana and other parts of Africa will be provided with capacity building, management skills, infrastructure support, technical assistance as well as other growth opportunities.

ACP provides IFFAC Ventures with the skill-set and capacity to fulfil its mission of venture building across the African creative and cultural industry.

BUSINESS DEVELOPMENT

ACP provides advisory support to assist the businesses that come out of IFFAC Ventures.

Its role is not just that of an equity partner – it provides capacity and support for business development throughout the life-cycle of the company.

COMMODITY TRADING

Through a dedicated commodity trading arm and using trade finance facilities provided by experts in African and global commodity & trade financing, ACP buys and sells agricultural commodities, bringing together global suppliers with local buyers. Our commodity trades are structured using leading trade finance financiers, lawyers and insurance risk experts, ensuring that all stakeholders in the trade can have confidence in its completion.

OUR TEAM

CHAIRPERSON

ROBERTA ANNAN

Has an unrivalled track record of successful investment of varying scales across a wide range of sectors and countries. She is the founder and Managing Partner of Annan Capital Partners with extensive experience of providing easy access for clients to the many highly attractive and largely untapped opportunities on the African continent.

She is a committed impact investor believing there are generous returns to be realised by doing the right thing, be it in terms of sustainability, empowering women or harnessing the extraordinary creativity of often unknown African entrepreneurs.

She invests herself in many of the companies she recommends, thus contributing her drive, connections and business acumen in the long term. Roberta believes investments are positive when they provide a healthy rate of return as well as developing businesses which are sustainable, support communities and impact lives.

Alongside her investment portfolio, Roberta is the driving force behind the African Fashion Foundation and the Impact Fund for African Creatives. She is a Goodwill Ambassador for the United Nations Environment Programme and was recently appointed a Member of the Advisory Council of Condé Nast College of Fashion & Design in London.

***“ACP endeavours
to make Africa
investable and
relevant to the
world”***

– Roberta Annan

PORTFOLIO PROJECTS

Our impact and the success stories in the last ten years have been telling. From the groundbreaking COVID-19 Stimulus Fund to the work our investee companies such as iGrow Africa and Jendaya, we are on a journey to explore the burgeoning opportunities on the continent.

Here are some of the projects and initiatives we have undertaken (and in the offing) to support homegrown businesses especially in the sustainability & ESG sector, leapfrog brands in Africa's core growth industries and invest in our nascent creative economy.

SUSTAINABILITY

Addressing the challenges of Nurturing, Finance and Market Access would be a short-term fix without a set of foundational principles to guide ACP's vision of a better world. To underscore the longevity of these objectives, ACP is built on select principles of the UN SDGs as highlighted below. These SDGs form the core of our strategy, tactical and detailed activity build-up and evolution.

Sustainable economic earning power/ability

Quality education through our internship and fellowship programmes

Disproportionate number of businesses we support, tend to be female and going through the ACP development Nurturing system & having access to finance will help address the income inequality gap
